## R.A.D Pre-Primary Ballet Syllabus Class 4 years- 6 years

Pre-Primary in dance are progressive structured exercises and dances with then lead to recognized achievement at a high level in dance performance. Pre-Primary in dance develop students physical skill, stamina, creativity, expression and musicality using a range of sounds and musical styles. This foundation prepares students for the transition into next grades in the future.

## Petite Tap

Tap is an exciting style of dance for our young dancers. Petite and Sweet Tappers are introduced to tap style and technique in this fun class. You can start to see your dancer show rhythm, control and gross motor skill, which will be developed throughout this class.

## Big Girl Ballet

3 Years – 6 Years

Striking the perfect balance between structure and fun, our specialised ballet program will focus on developing ballet technique as new steps are introduced to challenge and extend our young dancers, while using the use of imagery for example butterflies and fairies.

## Petite Jazz

This class is a combination of jazz styles providing a fun introduction to dance but also a place to grow, learn and make friends. Petite Jazz is the perfect way to start developing the co-ordination skills that are the basics of dance.
